Registration is now open for the **2024 Summer Term** (May - August)

[Add/Drop Deadline](#) - May 17, 2024

Summer Term Tuition Deferrals

The online deferral application will be open from **March 1 to April 30** for graduate students employed as Teaching or Research Assistants. The deferral is intended for students that do not have funds available to pay their tuition fees by the due date and are relying on their stipend to make payment.

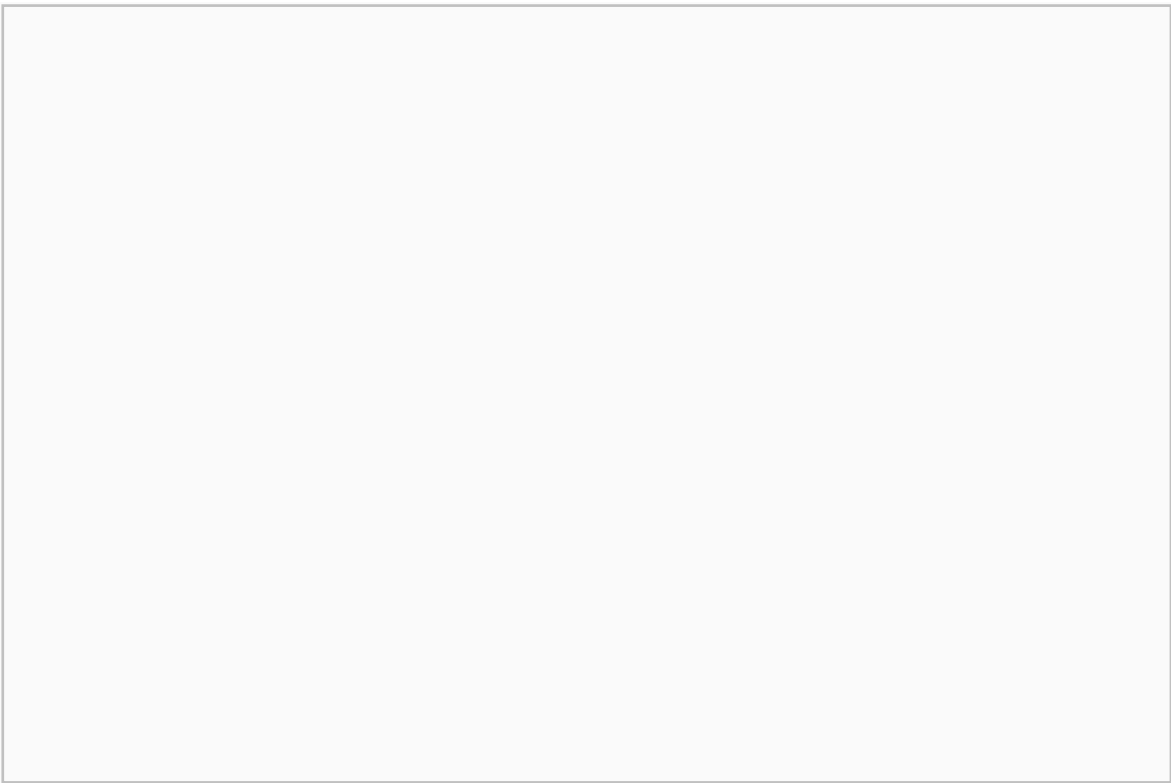

The link to the application can be found on the Student Services website under Other Payment Options: <https://students.ubc.ca/enrolment/finances/paying-tuition>

Tuition and student fees will be deferred to June 30.

Health Research BC-Mitacs Internships

This program supports graduate students and postdoctoral fellows across BC to gain experience working within BC's life sciences sector. They will receive guidance from expert mentors at BC-based life sciences companies and gain hands-on business skills, enabling them to advance their knowledge to solve complex health challenges and improve the health of British Columbians.

Thesis Preparation & Formatting

After the hard work of research and writing, comes the fun of formatting!

UBC provides examples and checklists to help ensure your thesis meets the formatting requirements:

<https://www.grad.ubc.ca/current-students/dissertation-thesis-preparation/resources-thesis-preparation-checking>

There is also a [sample thesis](#) that walks through and explains each requirement.

Did you know that you can request a formatting [pre-review](#) from G+PS? Requests must be made well in advance of the external examination deadline (PhD) or defense (MSc). This review is for formatting only - students are responsible for proofreading their theses!
